Dasho Dzongdhag/Thrompon
All Dzongkhags/Thromdes Administration

Subject: Incorporation of budget for Dzongkhag School Sport Meet (DSSM) in the 12th FYP

Dasho,

The DYS is pleased to inform that the School Sports Program continues to develop and benefit large number of students across the country with the kind cooperation of Dzongkhag/Thromde administrations and schools along with the unstinting support from the Royal Government.

In the process of monitoring and also during the Sports Administrator's Workshop in 2015, it was recommended that the existing practice of splitting the Budget Head 17.08 (Promotion of Sports and Physical Activities) into two to organize intramural by schools and also conduct the DSSM was found inappropriate. Therefore, it was suggested that new budget head be proposed for the DSSM. It was again discussed during the recent meetings with the Dzongkhag/Thromde Education Officials on 7th February 2017 at Gelephu.

The DYS therefore, like to request Dasho to kindly consider and facilitate the Education Sector to propose two separate budget heads as proposed below during the 12th FYP. This would facilitate to propose realistic fund and also ensure transparency in using the fund.

- 1) **Budget Head 17.08 "Promotion of Sports and Physical Activities"** use the existing formula for budgeting. This budget based on the formula should be fully distributed to schools to organize intramural on annual basis in a planned manner to benefit all students (mass participation).
- 2) **Budget Head 17.08 "Conduct of Dzongkhag School Sports Meet"** as per the Annexure-I. This budget should be specifically used to organize the DSSM which is the first phase and mandatory activity to qualify for the Regional School Meets and subsequently National School Games.

For any further clarifications or comments kindly contact the Games and Sports Division, DYS, Thimphu.

Thanking you,

Yours sincerely,

(Gholing Tshering)
