

Notification on scam scholarships

This is to inform general public that the Department of Adult and Higher Education is receiving letter from the institutes and schools in India, seeking clarification pertaining to the Bhutanese students sent to study through so called Bhutan Foundation with letter no. MoE/DaE/HRD/LTR/13/2022 dated 10/01/2022 signed by the authority on 11/01/2022.

As such, we would like to request all institutes and schools in India not to entertain such proposals since the Department of Adult and Higher Education is not mandated to offer such scholarships. We believe some scammer forging our documents and collecting commission from Indian institutes and schools promising Bhutanese students to offer scholarships are gaining popularity.

Therefore, all Institutes and Schools in India are requested to contact Scholarship and Student Support Division, DAHE, Ministry of Education, Thimphu at chiefssd@moe.gov.bt prior to your confirmation and to get details of scholarships and grants, including application procedures and contact details.
